Congratulations on your decision to lead a Small Group during “10”!

This is an exciting time to be a part of Small Groups. The Holy Spirit wants to make a difference in the life of your group members. Most discipleship takes place in Small Groups. Without them, people don't move from 'believers' to 'disciples' because they have never learned how to truly “apply” their faith.

You will be leading a 'Conversation Group' (a short-term group). This means that you are going to 'continue the conversation' from the weekend services for the '10' series. Once '10' is finished, your group is free to end... unless you want to keep meeting. We pray you will!

YOU CAN DO THIS! We aren't asking you to be the one to 'make disciples,' only God can do that. We are asking you to create an open and safe environment for the Holy Spirit to move.

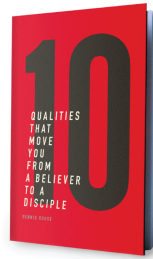

Below you will find a handful of tips for leading your group. Please become familiar with them and practice each one.

If you need additional help or advice, please contact the Small Group Pastor or Coach of your campus. We will be happy to help you out.

We look forward to hearing what God does in your group!
